SECTION I - MANAGEMENT AND DISCLOSURE OF INSIDE INFORMATION

4. PURPOSE

- 4.1 In application of Articles 7 and 17 of the MAR, domestic legislative provisions applicable to companies listed on a regulated market set forth on the matter by the Consolidated Law on Finance, the Market Regulations and the Instructions, as well as Article 1, recommendation 1, of the Corporate Governance Code for listed companies, this section of the Procedure (**"Section I"**) governs the process of managing Inside Information regarding the Company in order to ensure that its external disclosure takes place promptly and adequately, in compliance with the principle of transparency.

5. RECIPIENTS

- 5.1 Section I is intended for the Significant Persons and contains provisions relating to the management and processing of Inside Information, as well as methods for the external disclosure of documents and information regarding the Company and/or the Subsidiaries, particularly with reference to the Inside Information. In implementing this procedure, the Investor Relations department must coordinate with the Legal Department, for corporate aspects related to the correct and timely management of the Insider Register as provided for in Section II of the Procedure.
- 5.2 The Company provides its Subsidiaries with appropriate instructions so that they can promptly provide all the information necessary to fulfil the disclosure obligations to the market.

6. ASSESSMENT OF THE NATURE OF INFORMATION AND PROCESSING OF INSIDE INFORMATION

- 6.1 The CFO manages and processes Inside Information and, more generally, is responsible for the application of this Procedure (the **"Inside Information Management Department"** or **"IIMD"**). In performing its duties and functions, the IIMD may receive assistance from the Investor Relations Department. Furthermore, in the absence of the CFO, the Investor Relations Department takes responsibility for the IIMD.
- 6.2 The managers of the main departments, the members of the Board of Directors, the Board of Statutory Auditors, the Supervisory Body and the Guarantee Body, as well as members of the management and control bodies of the legal entity that exercises control over the Company, as defined pursuant to Article 93 of the Consolidated Law on Finance, must inform the Investor Relations Department without delay of all information regarding the Company and/or its Subsidiaries that they believe to be Significant Information (including, for example, the facts laid out in Paragraph 8) and of which they become aware due to their work or professional activities, or on the basis of the functions performed. - 6.5 The IIMD processes Inside Information only through the authorised channels and supervises to ensure that the circulation within the Company and/or its Subsidiaries of such Inside Information takes place without prejudice to its privileged nature.
- 6.6 The IIMD, when it deems it appropriate, informs the Board of Directors about the content and methods for distributing the information that it intends to adopt.
- 6.7 Significant Persons are prohibited from disclosing or communicating such information (either Inside Information or Significant Information) in any manner whatsoever to people other than those to whom such disclosure is necessary so as to allow the exercise of their respective functions within the Company and/or its Subsidiaries.

- 7.3 If the IIMD has reason to believe that the confidentiality restriction has been or is likely to have been violated and, in any event, the issue is such that knowledge of it could likely lead to a substantial change in the price of the Financial Instruments, it must publish this information without delay.

- (a) communicating by any means whatsoever the Inside Information of which they become aware, if not indispensable within the normal course of their job, profession or functions; in particular, it is absolutely prohibited for anyone to give interviews to the media or make statements in general containing Inside Information which has not already been disclosed to the public;

- 9.3 The Significant Persons that have confidential documents or information are required to store them so as to reduce to a minimum the risks of unauthorised access and processing, by adopting suitable security measures.
- 9.4 Senders of hard copy and/or electronic documents concerning Inside Information must indicate their strictly confidential nature by labelling them as "STRICTLY CONFIDENTIAL".
- 9.5 Significant Persons are personally responsible for the storage of the confidential documentation that comes into their possession. In the case of the loss of documents relating to Inside Information, the Significant Persons involved shall inform the IIMD and/or the Investor Relations Department without delay, specifying conditions and circumstances, so that appropriate measures may be taken, including the publication of a press release.

10. EXTERNAL DISCLOSURE OF INFORMATION ABOUT THE COMPANY

- 10.1 The IIMD, in the name of the Company and/or the Subsidiaries, through the appointed company

departments, manages - including by delegating functions for this purpose to the Investor Relations Department - all relationships with the media, professional investors, financial analysts and shareholders.

- 10.2 The disclosure to them of information is in any event performed in a complete, timely and adequate manner, avoiding informational asymmetries between investors or the occurrence of situations that may in any event alter Financial Instrument price trends.
- 10.3 If, during meetings with financial market operators, Inside Information is unintentionally disclosed, the representatives of the Company and/or its Subsidiaries who have inadvertently provided such Inside Information are required to immediately inform the IIMD in order to immediately proceed with disclosure to the general public.
- 10.4 If the other Significant Persons are requested by a third party to disclose confidential information, data and documents referring to the Company or its Subsidiaries, such Significant Persons shall request authorisation from the IIMD and receive in writing from the latter consent to the disclosure of the aforementioned information.
- 10.5 All external disclosures of Inside Information are under the exclusive responsibility of the IIMD which, in agreement with the Investor Relator, determines the subjection to the rules pursuant to Arts. 7 and 17 of the MAR, also of specific information that does not fall within the scope of the disclosure of Inside Information, providing written communication thereof to the parties concerned.

11. DISCLOSURE TO THE PUBLIC OF INSIDE INFORMATION

- 11.1 Significant Persons are required not to disclose in any manner whatsoever, either in Italy or abroad, the Inside Information relating to the Company or its Subsidiaries of which they become aware. This confidentiality obligation also includes the information and documents acquired in performing their duties, including the content of discussions held during board and/or board committee meetings.
- 11.2 If information is deemed by the IIMD as Inside Information, the Company inform the public as soon as possible of inside information in compliance with applicable legal and/or regulatory provisions, relying on the Investor Relator and in accordance with the methods specified below.
- 11.3 Without prejudice to the confidentiality obligations set forth in Paragraph 9, the obligation set forth in Paragraph 11.2 does not apply to Inside Information related to intermediate steps in a protracted process where those steps are connected with bringing about or resulting in particular circumstances or a particular event. In a protracted process, only the final circumstances or final event shall be required to be disclosed, as soon as possible after they have occurred. However, if Inside Information relating to intermediate steps in a protracted process has not been disclosed in accordance with Paragraph 11.2 and the confidentiality of such Inside Information is no longer guaranteed, the Company shall disclose such Inside Information to the public as soon as possible. This includes situations in which a rumor explicitly refers to Inside Information relating to intermediate stages of a prolonged process that has not been disclosed in accordance with Paragraph 11.2, when such a rumor is sufficiently accurate to indicate that the confidentiality of such information is no longer guaranteed.
- 11.4 With the support of the Investor Relator, the IIMD prepares the disclosure to the public of the Inside Information.
- 11.5 Before its disclosure to the public with the market open, the Investor Relator notifies Borsa Italiana by

telephone about the dissemination of the communiqué.

- 11.6 Each disclosure to the public must contain all price sensitive information, should not connect such information with the marketing of the Company's activities and/or those of its Subsidiaries and should be disclosed in a complete and timely manner by the Investor Relations Department through the SDIR circuit in order to avoid informational asymmetries among recipients.
- 11.7 The Company publishes and stores on its website for a period of at least five years all Inside Information that it has disclosed to the public pursuant to this Paragraph 11.

12. DELAYS IN THE DISCLOSURE OF INSIDE INFORMATION

- 12.1 Under its own responsibility, the Company may delay the disclosure to the public of Inside Information, provided all of the following conditions are met:
 - (a) immediate disclosure is likely to prejudice the Company's legitimate interests;
 - (b) the Inside Information that the Company to delay is not in contrast with the latest public announcement or other type of communication by the Company on the same matter to which the Inside Information refers;
 - (c) the Company is able to ensure the confidentiality of such information.
- 12.2 Non-disclosure by the Company of Inside Information related to intermediate steps in protracted processes in accordance with Paragraph 11, is not subject to the requirements laid down in this Paragraph 12.
- 12.3 The assessment concerning the fulfilment of the conditions set forth to apply the delayed procedure, as well as regarding the need or opportunity to rely on that procedure, is performed by the Investor Relations Department in agreement with the company units involved in relation to the content of the information. This assessment is submitted to the attention of FGIP, which decides on the fulfilment of the required conditions and the activation of the procedure set out in this Paragraph 12. If the IIMD finds it appropriate or necessary, it may decide to have the Chairperson and/or CEO perform that assessment.
- 12.4 Once the decision has been taken to delay the disclosure to the public of Inside Information, the Investor Relations Department and the company units concerned:
 - (a) work to ensure that the utmost confidentiality is guaranteed in the processing of the above-mentioned information and to make the necessary and prompt registrations in the Insider Register in the appropriate section on the basis of the provisions laid out by the procedure;
 - (b) constantly monitor the continued fulfilment of the conditions pursuant to Paragraph 12.1 above, which make it possible to delay the disclosure of Inside Information;
 - (c) handle the storage on durable medium of the information required by the implementing provisions of the MAR (including Implementing Regulation (EU) 2016/1055) and set forth in Annex A-I;
 - (d) handle the preparation of a draft press release relating to the Inside Information whose disclosure to the public was delayed, to ensure that prompt publication of such information is ensured when, during the delay period, the conditions that legitimised it are no longer met.
- 12.5 When the Company has delayed the disclosure of Inside Information, the Company notifies Consob of

said delay - according to what is set forth in the implementing provisions of the MAR (including Implementing Regulation (EU) 2016/1055) - immediately after the information has been disclosed to the public. Such notification must be made by certified email to consob@pec.consob.it, specifying as the recipient "Divisione Vigilanza Mercati" ("Markets Vigilance Division") and specifying at the beginning of the subject line "MAR Ritardo comunicazione" ("MAR Delayed disclosure").

- 12.6 If the disclosure of Inside Information is delayed in compliance with this Paragraphs 12 and the confidentiality of the Inside Information is no longer guaranteed, the Company shall inform the public as soon as possible of such Inside Information, according to the procedures set forth in Paragraph 11.5 above.

13. RUMOURS

- 13.1 If a rumour refers explicitly to Inside Information the disclosure of which is delayed pursuant to Paragraph 12 above or to Inside Information related to intermediate steps in a protracted process, the Investor Relations Department must assess whether this rumour is sufficiently accurate so as to indicate that the confidentiality of this information is no longer guaranteed.
- 13.2 The assessment pursuant to Paragraph 13.1 above must be submitted for the attention of the IIMD, which will decide on whether it is necessary or appropriate to release a specific disclosure with the procedures pursuant to Paragraph 11 above, in order to guarantee fairness and informational symmetry with respect to the public and prevent it from being misled. If the IIMD finds it appropriate or necessary, it may decide to have the Chairperson and/or CEO take that decision.
- 13.3 With respect to the obligation to disclose the Inside Information to the public pursuant to this Paragraph 13, whether the rumour has derived from an organisational problem of the Company is irrelevant.

14. VIOLATIONS

- 14.1 Pursuant to applicable legislative and regulatory provisions in force, failure by the Significant Persons to respect the requirements set forth in the Procedure may entail the violation of the obligations borne by the Company as an issuer of Financial Instruments and, notably, the application of various types of penalties against the Company (such as a written notice to strictly comply with the regulations, written reprimand, application of fines, removal of Shares from trading on the EXM).
- 14.2 When, due to the failure by the Significant Persons to respect the requirements laid out in the Procedure, the Company is accused of violating legal or regulatory provisions, including the Market Regulations and/or the Instructions (each a "Violation"), the Company reserves the right to take action against the responsible Significant Persons, so as to be held harmless and indemnified, to the maximum extent permitted by law, for any cost, expense, charge or liability whatsoever arising from or in any event connected to such Violations, as well as to receive compensation for any greater damages.
- 14.3 The Company's Board of Directors is the body responsible for taking the appropriate measures in the case of any violations of the Procedure.
- 14.4 If the party that has committed a violation of this Procedure is:
- (a) one of the members of the Board of Directors, the director concerned can no longer participate in the discussions aiming to confirm the existence and extent of the violation, or the adoption

of the ensuing measures;

- (b) the majority of the members of the Board of Directors, the Board of Statutory Auditors is the body responsible for taking the appropriate measures;
- (c) an employee of the Company, the infraction may amount to a disciplinary offence and, in the most serious cases, may result in redundancy.

15. PURPOSE

15.1. In application of the joint provisions of Article 18 of the MAR and the relative implementing provisions (including Commission Implementing Regulation (EU) 2026/1291), as well as national regulatory provisions applicable to companies listed in a regulated market set forth on the matter by the Consolidated Law on Finance and by the Issuers' Regulation, this section of the Procedure ("**Section II**") governs (i) the management, keeping and updating of the register of persons with access to inside information (the "**Insider Register**") and (ii) the management, keeping and updating of the register of people with access to information which later on, including quite soon, may become inside information (the "**SIG Register**" and, along with the Insider Register the "**Registers**").

The Company will therefore add a new section of the SIG Register whenever a new Relevant Information is identified. Subjects registered in the Permanent Section of the Insider Register must not be registered in the SIG Register.
- 17.6. Without prejudice to the documentation of the information provided on the Insider Register, in the sections of the SIG Register it will not be necessary to indicate, with reference to the Relevant Persons: (i) the date of birth; (ii) the national identification number; (iii) the complete private address; and (iv) the private and professional telephone numbers.

due to the nature of their function or position within the Company;

- (b) the accuracy of the information set forth in the list; as well as
- (c) access to and the ability to locate the previous versions of the list.

18.4. The Registers are kept by the Managers. 19. UPDATING, STORAGE AND TRANSMISSION OF REGISTER DATA

19.1. The Registers must be updated in a timely manner by the Managers, adding the date and time of the update in question, when:

- (a) where there is a change in the reason for including a person already on the Insider Register and/or the SIG Register;

- (c) a person listed in the Registers no longer has access to Inside Information and/or Significant Information (depending on the case).

19.2. The lists relating to the Significant Persons included in the Registers are stored by the Company for five years after the circumstances that resulted in their registration or updating no longer apply.

19.3. If it so requests, the Managers transmit the Registers to the Competent Authority as soon as possible.

19.4. It is the responsibility of the various company departments to inform the Managers in writing of changes to the Significant Persons related to their respective areas of responsibility.
